## VOLUME ELEVEN

## 1930

LONDON : H. K. LEWIS & CO. LTD., 136, GOWER STREET, W.C. 1.
EDITORIAL AND PUBLISHING OFFICE: 28, GOWER PLACE, W.C. 1.
CANADA: THE MACMILLAN COMPANY OF CANADA, LTD., BOND STREET, TORONTO.

"Her (Dame Error) vomit full of books and papers was."

*The Faerie Queene*, Bk. I, C. I, V. XX.

*Florentius:* "But touching this matter of inspiration, Konrad, many take the whirr of bats in the belfry for the musick of the spheres."

MS. play, *The Mortician of Prague*, Act 4, Sc. 2.

*Made and Printed in Great Britain.*

Medical Library
Faxon

# CONTENTS

## No. 1.—FEBRUARY.

PAGE

CALDWELL, W. ALEX.—The Immunity Reactions against Cultivated *Spironema pallidum* of General Paralytics Treated by Induced Malaria . . . 1

NANAVUTTY, SOHRAB H.—The Favourable Influence of Gelatin in the Medium on the Activity of a Staphylococcus Bacteriophage . . . . . 5

NANAVUTTY, SOHRAB H.—The *Rôle* of Oxygen in Bacteriophagy . . . . . 7

KLIGLER, I. J.—Immunization of Chickens against Fowl-Pox with Dead, Formolized and Phenolized Virus . . . . . 10

ROBERTSON, MURIEL, AND FELIX, A.—Serological Studies in the Group of the Spore-Bearing Anaërobes. II. *In vivo* Experiments with an "O" Immune Serum to *Vibrion septique* Devoid of Antitoxin Content . . . . . 14

ANDREWES, C. H.—Immunity to the Salivary Virus of Guinea-Pigs Studied in the Living Animal, and in Tissue-Culture . . . . . 23

SCHÜTZE, HARRY.—The Importance of Somatic Antigen in the Production of Aertrycke and Gärtner Immunity in Mice . . . . . 34

FAIRBROTHER, R. W.—Immunization of the Horse with the Virus of Poliomyelitis and the Production of an Antiviral Serum . . . . . 43

FINKELSTEIN, M. H.—The Hæmolytic Properties of Cholera, Para-Cholera and Allied Vibrios, with Special Reference to their Effect on Blood Media . 54

## No. 2.—APRIL.

EIDINOW, ALBERT.—The Effect of Irradiation on Cobra Venom and Antivenin . 65

KELLAWAY, C. H.—The Anaphylactic Reaction of the Isolated Uterus of the Rat . . . . . 72

GREEN, H. N., AND MELLANBY, E.—Carotene and Vitamin A: The Anti-Infective Action of Carotene . . . . . 81

ROBERTS, W. MORRELL.—Variations in the Phosphatase Activity of the Blood in Disease . . . . . 90

DOUGLAS, S. R., AND SMITH, WILSON.—A Study of Vaccinial Immunity in Rsbbits by means of *In Vitro* Methods . . . . . 96

PIJPER, ADRIANUS, AND DAU, HELEN.—Typhoid Agglutination after Oral Immunization . . . . . 112

LAWRENCE, R. D., MADDERS, KATE, AND MILLER, H. R.—The Excretion of Insulin in Urine . . . . . 117

MAITLAND, H. B., AND LAING, A. W.—Experiments on the Cultivation of Vaccinia Virus . . . . . 119

FLEMING, ALAXANDER, AND MACLEAN, IAN H.—On the Occurrence of Influenza Bacilli in the Mouths of Normal Persons . . . . . 127

HINDLE, E., AND FINDLAY, G. M.—The Electrical Charge of Yellow-Fever Virus 134

## No. 3.—JUNE.

PAGE

LEPPER, ELIZABETH, AND MARTIN, C. J.—The Oxidation-Reduction Potential of Cooked Meat Media . . . . . 137

LEPPER, ELIZABETH, AND MARTIN, C. J.—The Oxidation-Reduction Potential of Cooked-Meat Media Following the Inoculation of Bacteria . . . . 140

LAWRENCE, R. D.—The Effect of Ergotamine on Carbohydrate Metabolism and on the Stomach . . . . . 145

KAY, H. D.—Blood Phosphorus in Health and Disease: V.—Note on the Chemical Composition of the Reticulocyte . . . . . 148

KERRIN, JOHN C.—Studies on the Hæmolysin Produced by Atoxic Strains of *B. tetani* . . . . . 153

WILSON, G. S.—The growth of *Br. abortus* in Sealed Tubes . . . . . 157

DAY, H. B.—The Preparation of Antigenic Specific Substance from Streptococci and Pneumococci (Type I) . . . . . 164

GORDON, JOHN, AND MARSHALL, PHILIP GUY.—A Study of the Phosphorus Distribution in Bacterial Cultures . . . . . 173

HILL, LEONARD, GREENWOOD, M., AND TOPLEY, W. W. C.—On the Effect of Ultra-Violet Irradiation upon the Resistance of Mice Exposed to *Pasteurella* Infection . . . . . 182

FINDLAY, G. M.—The Electrical Charge of the Virus of Fowl-Pox and the Agent of the Rous Sarcoma . . . . . 190

GOLDSWORTHY, NEIL E., AND FLOREY, HOWARD.—Some Properties of Mucus, with Special Reference to its Antibacterial Functions . . . . . 192

BERENBLUM, I.—Further Investigations on the Induction of Tumours with Carbon Dioxide Snow . . . . . 208

GYE, W. E., AND PURDY, W. J.—Rous Sarcoma No. 1: Influence of Mode of Extraction on the Potency of Filtrates . . . . . 211

## No. 4.—AUGUST.

RIDLEY, FREDERICK.—The Intraocular Pressure and Drainage of the Aqueous Humour . . . . . 217

RUDD, G. V.—Observations on the Acidity and Chloride Content of the Gastric Juice . . . . . 240

ALLISON, V. D.—Observations on the Value of a Copper Sulphate Tellurite Medium for the Isolation of Diphtheria Bacilli . . . . . 244

DES LIGNERIS, M. J. A.—The Use of Heparin-Plasma for the Grafting of Spontaneous Mammalian Tumours into Homologous Animals . . . . 249

FLOREY, HOWARD.—The Relative Amounts of Lysozyme Present in the Tissues of some Mammals . . . . . 251

JENKINS, C. E.—A Flicker Hæmoglobinometer . . . . . 261

WATSON, A. F., and MELLANBY, E.—Tar Cancer in Mice: (1) The Technique of the Comparative Experiment . . . . . 267

GYE, W. E., AND PURDY, W. J.—The Rous Sarcoma No. 1: Loss of Filtrate Activity at Incubator Temperature: Protection by Means of Hydrocyanic Acid . . . . . 282

## No. 5.—OCTOBER.

PAGE

PIJPER, ADRIANUS, AND DAU, HELEN.—The Transmissibility of Tick-bite Fever Virus to Guinea-Pigs . . . . . 287

FRASER, FRIEDA H., AND PLUMMER, HELEN.—The Titration of Scarlatinal Antitoxin by Means of a Skin Test in Chinchilla Rabbits . . . . 291

FAIRBROTHER, R. W., AND MORGAN, W. T. J.—Further Observations on the Immunization of the Horse with the Poliomyelitis Virus . . . . . 298

BROOM, J. C., AND BROWN, H. C.—Further Observations upon Electric Charge in Relation to Hæmolysis and Phagocytosis . . . . . 305

WATSON, A. F., AND MELLANBY, E.—Tar Cancer in Mice. II. The Condition of the Skin, when Modified by External Treatment or Diet, as a Factor in Influencing the Cancerous Reaction . . . . . 311

MORRIS, NOAH, AND GRAHAM, STANLEY.—The Theoretical Carbon Dioxide Dissociation Curve in Acid-base Disturbance of Childhood . . . . 322

CLEARKIN, P. A.—Changes in the Central Nervous System of Monkeys (*Cercopithecus albigularis*) following the Intradermal Administration of Vaccine Lymph . . . . . 329

EAGLES, G. HARDY, AND MCCLEAN, DOUGLAS.—Further Studies on the Cultivation of Vaccinia Virus . . . . . 337

FLOREY, HOWARD.—The Secretion of Mucus by the Colon . . . . . 348

FOWWEATHER, F. S., AND POLSON, C. J.—Iron Storage in Splenectomized Rabbits 362

TODD, E. W.—Virulence of Hæmolytic Streptococci. I. The Influence of Oxygen on the Production of Glossy Variants . . . . . 368

## No. 6.—DECEMBER.

NICHOLLS, LUCIUS.—Melioidosis, with Special Reference to the Dissociation of *Bacillus whitmori* . . . . . 393

FOWWEATHER, FRANK SCOTT.—The Iodine Content of the Blood of Patients Suffering from Cancer . . . . . 400

HUNTER, GEORGE.—On the Determination of Bilirubin by the Diazo-Reagents 407

HUNTER, GEORGE.—On the Two Types of Bilirubin Diazo-Reaction in Serum, with a Hypothesis on the Nature of the Bilirubin in the Serum from Hæmolytic Jaundice . . . . . 415

DONOVAN, HUGH, AND BRENNER, O.—The Influence of the Intravenous Injection of Urea on the Exchange of Substances between the Blood and the Tissues 419

DUKE-ELDER, W. S.—The Intra-Ocular Pressure and the Drainage of the Aqueous Humour . . . . . 438

GRIFFITHS, W. J., AND KAYE, GEOFFREY.—A Study of the Blood-Pigment in Obstructive Jaundice, with Observations on the van den Bergh Reaction 441

TIMMERMANN, W. AEG.—Normal Flocculating H- and Granulating O-Agglutinins for *Bacillus typhosus* in Sera of Different Species . . . 447

PAGE

VAUGHAN, JANET M., MULLER, GULLI LINDH, AND ZETZEL, LOUIS.—The Response of Grain-Fed Pigeons to Substances Effective in Pernicious Anæmia . . . . . 456

TODD, E. W.—Virulence of Hæmolytic Streptococci. II: The Influence of Oxygen on the Maintenance of Virulence in Broth Cultures . . . 469

TODD, E. W.—Virulence of Hæmolytic Streptococci. III: The Influence of Oxygen on the Restoration of Virulence to Matt Attenuated Cultures . 480

SCHÜTZE, HARRY, AND ZILVA, S. S.—Tuberculin Sensitivity in Rats . . . 489

SMITH, FRANK CAMPBELL, AND MARRACK, JOHN.—A Method for the Kataphoresis of Biological Materials . . . . . 492

SMITH, FRANK CAMPBELL, AND MARRACK, JOHN.—Diphtheria Toxin-Antitoxin Floccules . . . . . 494

BEDSON, S. P., AND WESTERN, G. T.—Observations on the Virus of Psittacosis 502

MORGAN, W. T. J., AND FAIRBROTHER, R. W.—The Concentration of the Protective Substance in Antipoliomyelitis Serum . . . . . 512
